"A Friendly Zone To Build Your Home"

VOL. XXI—No. 33 | Cypress, California, Friday, June 4, 1948 | Price 5c Per Copy

I RISE TO REMARK

BY JOHN PHILLIPS

A Little of This and a Little of That:

This weekly letter is written in Washington before the primary election, and will be read in California after the election. It is a good time for a few miscellaneous comments while your Congressman waits for the election returns.

The percentage of the vote cast on Tuesday may be considered an index to the interest of the citizens in free government. If 55 per cent of the voters go out and vote on Tuesday, then that will be a 55 per cent index, and if 65 per cent vote, that will be a 65 per cent index. I talk like a government agency statistician. If the people do not make a deliberate effort to protect freedom, it can easily be lost. When Hitler had control of Germany, he got out a 97 per cent vote. You don't think that was free government, do you? I rise to remark that people rarely get back freedom, when they let it slip out of their hands; if they do, it is only after tragic sacrifices.

What is this "security," that became such an enticing word under the New Deal administration? We didn't make this nation strong on "security." We made it strong on courage and initiative and hard work and responsibility at home. Patrick Henry got up in the Virginia Assembly, and today every schoolboy has to learn, "Give me Liberty, or give me Death!" Suppose he had gotten up and said, "Give me Security, or give me Death," how many histories do you suppose would mention his name today?

"If everyone sweeps in front of his own doorstep," say the Dutch, "the whole city will be clean." You and I call it local responsibility. Whose idea was it that the Federal government had to do everything for everybody, and that voting an appropriation could cure any ill? There is a little town in Pennsylvania, which I know very well, and where the "plain people" live—The Quakers and the Dunkards and the Mennonites and the Amish—and they haven't any housing problems; not any more. The city checked to see what was needed, and then saw to building the houses, to sell or to rent, and arranged loans for those who needed them, and if a veteran needed more than the commercial loan, they took care of that, too. Instead of talking about "housing expediters," and waiting for T. E. W. bills, and government appropriations, this average little community went to work on its own, and there hasn't been a housing problem there for more than a year.

I got a letter from Henry Wallace last week. I think every Congressman got one. I doubt if Henry signed it himself, although the signature does look about high school age. I get a big kick out of Henry's "11 point program" which was accepted by Mr. Stalin. That's what he wrote me about; Henry, I mean. Well, why shouldn't Mr. Stalin accept it, and quite promptly at that? It was written in Moscow, wasn't it? It is understood here that the draft came to the United States in the pouch of the Russian Embassy, which is entitled to diplomatic immunity, and from there the memorandum went to one group surrounding the amiable, Mr. Wallace, and the "11 points" were written into the now-famous speech which he delivered in New York. That is the speech to which Mr. Stalin replied, "accepting" the 11 points. As I asked before, why not? It certainly set a new high (or low) in international diplomacy, even with our present State Department. When have you heard, before, of a foreign government trying to deal with the United States through a presidential candidate, and the candidate of a minor party at that?

The work of a Congressman in Washington, under existing conditions, is exacting and laborious and at times somewhat of a strain, but there are other times when it is quite interesting, particulary if you haven't lost your sense of humor.

STANTON SCOUTS TO BE RECOGNIZED OFFICIALLY SOON

The Stanton Troop of Boy Scouts, which was organized recently under the sponsorship of the local Lions club, reports a steady growth and now has a membership of 16. Warren Cox is proving an able Scoutmaster and at present the group is interested in the construction of model jet racers.

Official institution of the troop will take place next month. An invitation has been received to attend the court of honor of the North Orange County Boy Scout Council which will be held in Anaheim on June 8.

Members of the troop are: Jack Lee Addington, senior patrol leader: Don (Tinker) Davis and Thomes Burd, patrol leaders; Joe Villasenor, Bob Cushman, Norman Davis, Clinton Wells, Joe Acosta, Jack Haynes, Martin Rodriquez, Hobart Denton, Ray Van De Worker Charles Sowers, Victor Zuniga, Medwick Jameson and Joe Sandora.

McFadden, Baker Win In Supervisor Race

Republican candidates swept the field in Tuesday's primary although inclement weather and Monday's holiday resulted in a light vote being cast, generally.

The voting in Buena Park reflected majorities all over the third district with the exception of the supervisorial race. Whereas McFadden won a slight majority over Baker in complete third district returns, both were bested by Haskell A. Kelly, Cypress Hardware man.

Robert Gardner won an easy victory over Justice Howard C. Cameron for a six year term on the bench of superior court Department 4.

Congressman Phillips, State Senator Clyde A. Watson of Orange, Assembly Speaker Sam L. Collins of Fullerton and Assemblyman Earl W. Stanley of Newport Beach were returned to office, each with the nomination of his own Republican party as well as that of the Democratic party.

The county as a whole true to its long standing tradition, swung heavily Republican. The election was a presidential preferential primary with Governor Earl Warren and President Harry Truman heading the tickets. Warren delegates polled 16,756 votes, Tuman 10,924.

Permits Granted For Four Houses On Indiana Ave.

Indicating the rapid growth of the community are the number of building permits issued for Cypress the first two weeks of May, placing second to Buena Park in permit valuations among the unincorporated areas.

Heading the list is the permit issued to R. C. Johnson, who will build four dwellings to cost $5360 each, all located in the 7000 block on Indiana avenue. Other permits include $1000 to Edward Behrens to build a shelter for a pump and well on Miller road north of Lincoln avenue; William Gutosky, $200 to build a foundation for a building which has been moved in; Curtis E. Flint, $2816 for a dwelling at 5601 Karen St.; Howard C. Le Manaquais of Long Beach, $4500 to build a dwelling and garage; E. R. Siples $1250 to build chicken houses at 8781 Walker street; and Gale Ogle of Bellflower, $450 to build a garage at 9352 Walker street.

BAPTISTS TO MEET FOR LUNCH SUNDAY NOON

A covered dish luncheon will be held after the morning service on Sunday, June 6, in the Fender home at 5302 Bishop street.

The members of the First Southern Baptist church of Cypress are extending a special invitation to the public to come and hear the Reverend Wilson Akens, of Silver City, New Mexico, on this date. He will be heard at both services and is being considered as a future pastor. The services are held in the school auditorium.

Holiday Weekend Plays Havoc With Club Attendance

The Cypress business men's association, which meets on the first and third Tuesday mornings for breakfast at the hour of seven in the morning, suffered considerably in attendance. The long holiday weekend throw some of the members off guard, and added to the confusion was the fact that Tuesday was election day, which kept many of the members not yet fortunate enough to find quarters in Cypress away.

The congenial handful of members present enjoyed a delicious breakfast, and transacted one important piece of business. At the recommendation of the club directors, it was decided to buy soft balls for the use of the local teenage soft ball team, which last season was called the "Bull-dogs." In case it is necessary to replace any bats it is contemplated doing this also. The boys' team has reserved every Monday evening for play on the school grounds, which are equipped for night ball. The boys would appreciate any support the townspeople can give to back their organization.

Alamitos Burial For War Hero

Lonnie T. Davis, 440 Walnut street, has received word that the body of his son, Lonnie T. Davis, Jr., is enroute home from Hawaii for burial on board the army transport, Lt. George G. G. Boyce.

Notice of the death of young Davis was received in May, 1944 and in October of the same year, he was post humously awarded the Bronze Star for 'bravery as a member of a mortar squad at Bougainville in the Solomon Islands which, although under direct fire, held exposed positions vital to the success of the operations."

NOTICE

The regular meeting of the local VFW will be held on Thursday evening, June 10, in the Scout cabin behind the Cypress school. All members and prospective members are urged to attend this important meeting. Final plans and preparations for the installation and initiation ceremony the following Sunday will be discussed.

FIREMEN'S MEET HEARS TALK BY CHURCHILL'S PILOT

Unable to settle on who should head its organization during the coming year, Orange County Firemen's Association meeting last week, postponed its election until the next meeting, to be held on June 11 in Laguna Beach.

Jack Ruggles of Los Angeles, who was England's Prime Minister Winston Churchill's pilot during the war, addressed the assembly, which included firemen from Orange County, the Long Beach Harbor district, San Gabriel county, citrus belt district and San Diego County.

Program For School's Closing Activities Here

Graduation exercises for the Cypress elementary school eighth grade class will be held Wednesday evening at eight p.m. The public is cordially invited to attend.

On Thursday morning, at 10:30 o'clock, the pupils and their families and teachers will leave for the annual picnic in Anaheim park. The participants will bring their own lunches and the P-T.A. will furnish ice cream.

School will be in session on Friday according to the following schedule: all morning classes from 9:00 a.m. to 10 a.m. and all afternoon classes from 12:30 p.m. to 1:30 p.m. Report cards will be distributed at that time.

Suggestions For California Vets Buying Homes

The state department of Veterans Affairs offers several timely suggestions for veterans selecting a home for purchase under the provisions of the California Veterans' Farm and Home purchase plan at low interest rate, currently only 3 per cent.

To qualify under the California program a veteran must be a native of California or a resident at the time of entry into the service. The department recommends the following questions be among those answered satisfactorily:

Is the home located so as to be adequately accessible to schools, transportation and shopping facilities? If outside city limits, does it have a reliable and adequate water supply and provision for adequate sewage disposal approved by the county health authorities? Is it in good repair and free from infestation by termites and dry rot?

Does it have a standard and convenient floor plan, with each room of adequate size, shape and location? Does it reasonably conform to surrounding homes as to size and type of architecture, and as to lot size?

The following types of property are not acceptable for purchase under the state plan: business or income property, duplexes, flats of two or more houses on one lot, community driveways, and property not directly accessible from an abutting public street or road.

Full information on the purchase of homes by veterans through the state may be obtained at the Orange County Veterans service center located at 225 North Broadway, Santa Ana, phone 0215 for an appointment. The Service Center also has a representative from the state home loan division of Long Beach in the office on Fridays only.

ALAMITOS FIRM IS ROBBED

Stolen from the Alamo Supply company at 10601 Los Alamitos boulevard by a thief who entered the building some time Thursday night or early Friday morning was the sum of $516.73 according to a report made by the owner, Roy Wright. Taken from the cash register was $30 and the rest, which had been hidden, was found after the place had been ransacked.

Postal Service In Cypress Stepped-Up Considerably

It has been reported by the local post office here that a new schedule for the mails is now in effect. There are now our out-going and four incoming mails daily. This added convenience was made possible by the use of postal trucks between key cities in this area. The time is the same for both incoming and outgoing mail, and the schedule is printed below for the convenience of the patrons.

MAIL SCHEDULE
7:45 a.m.
10:45 a.m.
1:35 p.m.
4:40 p.m.

This schedule went into effect Tuesday, June first, and is now in operation.

Voting Light In District For Election Tuesday

When the returns were in and tallied in the primary election held Tuesday, it was found that Haskell A. Kelley, the candidate from Cypress to the board of supervisors as members from the third district, placed third. The voting, June first, followed the long Memorial Day holiday weekend.

The opportunity is taken by Kelley, through the columns of this newspaper to thank his many friends in this vicinity for their loyal support. He is very appreciative of the manner in which his neighbors and associates rallied to his aid. While the voting throughout the district was noticeably light, this was not the case at the Cypress polls.

Haskell A. Kelley, local hardware merchant, consented in the beginning to add his name to the list of those in the race, making it clear that he sought the office of supervisor without commitments to any group or organization, and promised only to serve all of the people without fear or favor, and favor, and to apply good business management in all the district's affairs. He was deeply gratified by the confidence shown in his ability expressed by the vote in his own hometown and surrounding community and takes this means of making public his appreciation.

PLANNING GROUP MEETS IN ORANGE

The Los Angeles County Planning Congress will meet at the Orange Women's Clubhouse (three blocks east and one block south of the Plaza in Orange) on June 10, at 6:30 p.m.

The subject will be "Land use Protection" as it has to do with planning in the San Fernando Valley, which is similar, in area and location, to Orange County. The discussion will be lead by Huber E. Smutz, land use administrator, Los Angeles, planning department and John L. Richerson, Regional Planner, Los Angeles County.

Phone your reservations in to Charles H. Diggs, at Santa Ana 3000, Extension 218 or 219.

Chas. Biggs Fills V.F.W. Appointive Offices This Week

Cypress — The newly organized VFW, which has been meeting each Wednesday evening at the school will now meet on Thursdays in th Scout house at the rear of the school yard. Institution of the unit will be held at 2 o'clock on JJune 13 in the school auditorium and the public is cordially invited to attend. The drum and bugle corps of the Santa Ana post will be present and refreshments will be served following the ceremony.

Charles Biggs, who was recently elected commander of the new post, has filled the appointive offices as follows: Officer of the Day, W. R. Dye; Robert B. O'Deary was made Adjutant; color bearers are John O. Sutphin and G. C. Porter and color guards are W. L. Burch Jr., and A. H. Stempel.

Adding their names to the roster of charter members were Carl Sanders, Jr., H. J. Kreisler, W. T. Grubb, M. R. Littlefield, R. E. Lucas, R. O. Horn, Marion Precie, E. E. Luty, W. L. Burch, Jr. W. N. Patton, H. S. Lepley and J. E. Smith.

The first project to be attempted by the organization is to obtain a lot on which a meeting place, which also will serve as a community center, can be erected. An army barracks building can be purchased for a nominal sum and since the membership includes all types of skilled labor who will donate their services, a suitable building can be constructed at small cost.

Shown above examining the brochure recently published by the Garden Grove Chamber of Commerce is the executive board of the Cypress Business Men's association following a breakfast meeting recently. Shown above are Richard Hathcock, recording secretary; Beth Kroesen, corresponding secretary; James Harvey, and Haskell A. Kelley, past presidents of the chamber of commerce; Frank P. Noe, president of the Breakfast Club, and Stan Doerr and Earl Essex, directors. Also a board member but not present at the meeting is Russell M. Flynn. (Press-Telegram Photo)

Pictured above are the new officers of the Cypress Elementary School P.T.A. who were recently installed in a colorful ceremony. Left to right are Mrs. Arie Van Klaveren, historian; Mrs. Ivan Mahaffie, parliamentarian; Mrs. George T. Alleman, treasurer; Mrs. Richard Hathcock, secretary; Mrs. Louis Wlachin, vice president; Mrs. John Lukens, president; Mrs. Norville Chapman, past president. and Mrs. Joe Bailey, auditor, who was unable to be present when the group was photographed. (Press-Telegram Photo)

YOUR FINANCIAL RESPONSIBILITY

Q. What is the California Financial Responsibility Law?

A. It is an act designed to protect the citizens of California against proven financially irresponsible drivers. In simplest terms, it declares that a motor vehicle operator who kills or injures another person or damages his property in excess of $100 must stand prepared to make a financial settlement with the victim or forfeit his driving privilege.

Q. When does the California Financial Responsibility Law become operative?

A. July 1, 1948.

Q. Who administers the law?

A. The Department of Motor Vehicles.

Q. How does the Financial Responsibility Law operate?

A. It requires everey driver involved in an accident causing injury, death or damage in excess of $100 to the property of any one person to make a report on a special form to the Department of Motor Vehicles, Financial Responsibility, Sacaramento, within 60 additional days the driver must deposit sufficient cash or security to meet any damage judgement arising from the mishap. Automobile liability insurance meets the security provisions. Your driver's license will be suspended automatically if you fail to meet either of these provisions.

Q. What is the procedure if I carry automobile liability insurance.

A. You must make a complete accident report. You will fill out the insurance slip at the bottom of the report form. The Department will send the insurance company whose responsibility it will be to advise if you are not covered. If you are, you have met the requirements of the law.

IT'S BEING SAID -- IN CYPRESS

That we could leave one page in the paper blank this week and that would pretty well represent what has happened in Cypress this last week. Or, as Jack Fullerton says, it would show just a PART of what happened!

That two comely little future resident misses came to town to visit their daddy and help to make do-nuts last Wednesday. Peggy and Pam Moore won our hearts, completely.

That what good cook left out one important seasoning in what particular dish she is famous for and put in what spice called cinnamon instead, with what result? That the chili tasted just as good as ever, and the incident proves, along with the fact that the dessert for Wednesday was cherry cobbler, that the author of this column was fairly correct when a statement was made recently that you could pretty well gauge the activities of the cook the night before by what she serves the next day. P. S. She has promised to haunt us for the rest of our lives for this paragraph.

That we paid a visit last week to the establishment at 4622 East Lincoln avenue where welding is done, which is presided over by Warren Hodges. (Whose advertisement appears elsewhere in this issue.) We don't understand too much about the art, but there are a lot of machines out there that would lead one to conclude that most any job along that line could be done. One particular phrase caught our attentoin and we could savvy about that —it is just the place to purchase that play swing you've been wanting for the children.

That the older one gets, the more one learns. And in this instance the classic remark was uttered by Mrs. Earl Siples, whose daughter, Roberta, (Mrs. Charles Truchon) came home for a visit over the weekend. By the conversations she heard when her daughter chatted with old school friends who dropped by, "mama" found out that a lot of escapades went on that she didn't know anything about when the gals were in school. And by the way, they celebrated on Saturday for the holiday weekend over at the fryer ranch in the good old fashion way — home made ice cream 'n' everything. M-m-m-m!

Lee Stradley came home from Saint Joseph's hospital in Orange last Tuesday. He is slowly recovering from a serious mastoid operation.

NO TRESSPASSING

"Fishermen and other holiday makers in the countryside are discovering that the pleasant spots where they might disport themselves, without defiance of a 'no-trespassing' sign, are growing fewer and fewer because of fire risks," says the Saturday Evening Post editorially. The Post then cites the case of a correspondent who lives on acreage that contains an excellent brook. He once allowed fishermen to come on his property and the state stocked the stream. But, the Post goes on, "Our informant had half a dozen minor scares from abandoned fires during the first few fishing seasons, and one major one in which more damage was done to fine trees than all the fish in the township were worth. Since then the warden has not stocked the brook, and the angler who coasts along the road in his car, looking for a place to throw his line into a promising stream, finds an unbroken succession of signs telling him what the law will do to him if he trespasses."

This is tough on the fisherman and the hunter. And it's a great deal tougher on the people whose property is razed by fire, the magnificent stands of forests that are turned into ash, and the wildlife which is killed in its nests and caves. No one can honestly claim that forest fires are natural and inevitable. The cold figures prove that 90 per cent of them are caused by individual carelessness.

We must enforce fire safety laws to the letter. And, far more important, we must learn the basic rules of fire prevention in the outdoors and everywhere else. Do you want to be the one who causes the death of a forest and its inhabitants?

Labor disgraces no man; unfortunately you occasionally find men who disgrace labor. — Ulysses S. Grant, Speech at Arbitration Union, Birmingham, England.

FORECASTING THE PRICE TREND

Will commodity prices go up? Go down? Stay where they are?

Newsweek recently asked 50 leading economists, connected with business, labor, governmental, statistical and educational institutions to forcast the price trend for the balance of the year. Twenty-six thought prices would continue upward; 14 said they will remain about the same, and the remaining ten believe they will be lower by the year's end.

Averaging the answers, the concensus is that prices won't change substantially one way or the other. That may be a disappointment to the consumer, who has watched his dollar shrink like wool in water, but it is completely understandable. Spending—by government business, and the individuals—goes to higher and higher peaks. The vast sums being spent for foreign aid and military purposes will further strain the supply-demand balance. And millions of Americans have a higher standard of living than they ever had before.

So, when you go shopping, don't expect to find a lot of bargains soon. What you will find, however, are merchants who sell you what you want at a far lower profit margin than most people realize. That is true whether you patronize the chains, the independents, the specialty shops, or anything else. The profits per sale are so small, generally speaking, that if they didn't exist at all it would make little difference in your purchasing power. Retail trade, whether we realize it or not, deserves much of the credit for the abundance that exists in this nation.

ELECTRIC DERRICK

Budget: Dad, $3.00 for motor—Son, 45 cents for materials Materials may be obtained at local hobby shop.

Dear Dad:

This little power-operated crane works like a charm from one standard Eveready flashlight cell and has plenty of lifting power besides, since the cable drum is stepped down by two simple friction gears which insure a slow, steady and positive hoist.

Parts needed besides the motor include a 10¢ switch (obtainable at any electrical supply or dime store), a sheet of stiff cardboard (2-ply illustration board is admirable for the purpose), two circular typewriter erasers, two ordinary rubber pencil tips, a discarded thread spool, a bit of ¼-inch wood, a tube of model airplane cement, some pieces of tin which can be cut from any old tin can, and a 10¢ Eveready flashlight cell.

Drive from the motor is taken off by centering one of the rubber pencil tips on the motor shaft and mounting an idler shaft "A" complete with friction wheel (one of the typewriter erasers) between the shaft brackets so that the pencil-tip drive pulley engages the eraser wheel firmly yet without binding. Another pencil tip is mounted on the idler shaft flush against the friction wheel and this in turn engages a second friction wheel (your other eraser) which is mounted on the drum shaft "B". Shaft "B" is mounted in one plain bearing and one slotted bearing (see Fig. 2). The shaft extends through the slot and into and beyond the clutch lever. Reason for this is so that when it is desired to lower the hoist cable the clutch lever can be moved forward and thus disengage the drum shaft, which then is a free-wheeling unit and lets the cable lower itself for a fresh hoist. Care should be taken in aligning the shaft bearing holes, and this is best done by punching or drilling the holes in both shaft brackets as one piece after carefully determining their position, which of course will depend upon the exact size of the typewriter eraser friction wheels available. As these vary in size, no exact dimensions can be given at this point.

Fig. 1 shows a sectional view of the model with the gear train in proper relation. The thumbnail sketch, Fig. 3, shows how this little crane may be adapted to fit on a standard "O" gauge truck to form a neat little derrick car which will make an interesting addition to any railroad modeler's rolling stock.

Sincerely yours,

Doug Rolfe

Campaign Now Under Way To Prevent Fires

Early season efforts of "Smoky", the fire preventin' bear, got off to a flying start in Sacramento when Governor Warren officially opened the 1948 campaign to prevent forest, range and watershed fires. Representatives of the California Fire Prevention Committee, a citizen's group made up of more than 85 private and governmental concerns met with the governor.

Campaign materials designed by the National Advertising Council feature "Smoky", the fire preventin' bear, in a serious theme showing 'Smoky" kneeling in prayer, asking "AND PLEASE MAKE PEOPLE CAREFUL".

Two specific projects have been planned by the committee. Warning leaflets will be distributed at state department of agriculture border quarantine stations to every car and truck entering the state from June through September.

Rustic signs with graphic illustrations will be erected along many state highways all over California.

Representatives of the California Fire Prevention Committee, a citizens' group made up of more than eighty-five private and governmental concerns, that met with Governor Warren include Chairman DeWitt Nelson, State Forester; (holding poster) and from left to right William H. Fairbank, Campaign Director; Harry W. Stewart; Harry E. Owens; Henry Clineschmidt; and W. I. Hutchison.

CHURCH GROUP HAS SOFTBALL TEAM

Baseball fans who lament that Cypress has no ball team should drive down toward the Cypress school on Tuesday nights and watch the Nazarene Boys' Softball team in action. Under the management of Donald Dewitt, the team plays in the Hollydale League which is composed of church teams of all denominations in North Long Beach, Hollydale, Clearwater and Cypress.

The captain of the team is Stanley Martin; who is also the catcher on the team. pitcher, Jack Woodmansee; 1st base, Hollis Woodmansee; 2nd base, Bobby Stearns; 3rd, Dick Shirey; short stop, Bill Chapman; left field, J. C. Napier, and center field, Gilbert Villaleaux.

HINTS for HOMES

Sticking doors are often the result of loosened hinge screws. Tighten, and make it a rule to repeat the job once a year.

Replacing that bedroom window that fronts on the street with glass block provides privacy and abundant light.

For slightly loosened furniture joints, scrape out the old glue, force fresh glue into the joint with a medicine dropper.

For that problem kitchen-dining room unit, a partition of glass block offers a smart solution. It provides the necessary division plus a gleaming modern decorating note that needs only a swipe of a damp cloth to keep it clean.

Things to remember when using varnish: The air should be dust-free, not under 70 degrees; air bubbles result if the can is shaken; dip the brush to just half the length of the bristles apply in straight strokes only.

PESTERFIELDS HAVE ANNIVERSARIES

The birthday anniversary of Mrs. William Pesterfield, which occured during the latter part of last month was full of surprises. friends arrived at her home on First street, showered her with birthday cards expressing their good wishes and congratulations. They also brought a birthday cake which was served during the afternoon. In this group were Mr. and Mrs. Ernie Johnson of San Pedro; Mr. and Mrs. K. D. McNair and family of Arlington. Mrs. Will Thompson, Mrs. William Dubbs and Mrs. Milton Hasell of Stanton.

That evening, Mr. Pesterfield promised to take his wife out to dinner in celebration of her anniversary and the children were left with Mr. and Mrs. Elmer Koeppen, next door neighbors. They decided to stop at the home of the Frank Pesterfields in Buena Park to look at their new patio and barbecue and upon their arrival found a large company of friends and relatives gathered for a surprise even the Koeppens and the children. A steak bake with all the trimmings was enjoyed and at dessert time, Mr. Pesterfield was also surprised to find his name inscribed on the large decorated birthday cake along with that of Mrs. Pesterfield, his birthday anniversary being June 4.

Many lovely cards and gifts, including a strand of pearls, were received by the celebrant.

The occasion was made more pleasant by the presence of Bob Pesterfield, son of the hosts who has just arrived home, receiving his discharge from the Navy.

Present at the pleasant affair were Mr. and Mrs. Harold Peterson of Rivera; Mr. and Mrs. Lawrence Pesterfield and family, Mr. and Mrs. Leonard Pesterfield and family, Mr. and Mrs. J. W. Sherrill, Mr. and Mrs. Jack Bach and family, Mr. and Mrs. Frank Pesterfield and Bob Pesterfield, all of Buena Park; Mr. and Mrs. Elmer Koeppen and son, David, Mr. and Mrs. R. R. Young and daughter, Carol Jean, Marie, Betty, Colleen and Billy Pesterfield and Mr. and Mrs. William Pesterfield, all of Stanton.

Mr. and Mrs. James Sparks returned home on Monday from a month's stay on the desert near 29 Palms.

CYPRESS RESIDENTS ENJOY TRIP TO ARIZONA IN TRAILER

Mr. and Mrs. Walter Nabower and Mrs. Sarah Miller have returned home from a three weeks' trip to Arizona in their house trailer. Arizona is the former home of Mrs. Miller and the birthplace of her daughter, Mrs. Nabower.

A week was spent at Cherry Creek visiting friends and while the Nabowers made a side trip to Grand Canyon, Montezuma Wells, and other scenic spots, Mrs. Miller was the guest of Mrs. N. E. Monroe, a friend of 60 years standing, who lives at Camp Verde.

They report that Arizona is extremely dry this year with no water in many of the wells.

Mr. and Mrs. Frank M. Davis returned on June 30, from a motor trip to the midwest, having left Cypress on May eighth. They report that they encountered all kinds of weather—rain, sleet, thunder and lightning and snow. The Davis's visited three daughters, Miss Ethel Davis, a registered nurse in the employ of the government at Fort Logan, Colorado; Mr. and Mrs. W. E. Moore and children Elaine and James David, and Mr. and Mrs. Frank Robitschek and daughter, Nancy, all of Denver. An interesting sidelight of the trip were the visits made to four Nazarene Indian missions. The time of arrival usually coincided with service time and Mrs. Davis participated by singing for the congregation. An interpreter told the Indians in their native tongue what was being said throughout the services. Mrs. Davis says there is one Indian mission they have heard about since their trip through that part of the country which they missed and they are looking forward to another vacation so that they may visit there, also, for the interest and inspiration these visits bring.

CYPRESS

MRS. OLIVE WILLIAMS PHONE AN 2-8279

Mr. and Mrs. Charles Truchon, of San Francisco, visited Mr. ano Mrs. Earl Siples over Memorial Day. Mrs. Truchon was the former Roberta Siples.

Mrs. Bessie Strikland, of San Diego, viited in the Earl Sartwell home over the holiday week-end.

Mr. and Mrs. Daud Johnson, of 5661 Danny street, Cypress Manor, are the parents of a baby boy, James Edward, who weighed six pounds, eleven ounces when he was born in Fullerton hospital. The baby is the Johnson's second child, their first being a girl, Joan.

Mr. and Mrs. William "Bill" Reed have received word from their son, Delbert, who has been stationed in Germany. At present he is in the hospital in New Jersey and is expected home in two weeks' time.

Russell M. Flynn and Jackie, Mr. and Mrs. Price Siebert, and A. E. Holbrow enjoyed a day of deep-sea fishing over the holiday week end. Their catch of barracuda was gratifying, they report.

S. V. "Jack" Fullerton received word last Friday, that his sister, Mrs. Raymond Irwin and little daughter, who were expecting to drive from Texas to live in Cypress, were flying in. Mrs. Irwin was suffering from an attack of appendicitis, and the doctor felt she should not risk the trip by car. Irwin arrived Monday morning from their former home in Borger, and the family is now settled in the garage apartment at the L. W. Head residence on Bishop street where Mrs. Irwin is recovering nicely.

Mr. and Mrs. Clarence Curtis are proudly announcing the birth of their first grandchild, Susan Marie Reed, who was born in the Fullerton General hospital on May 29, weighing eight pounds 12 ounces. Parents of the new arrival are Mr. and Mrs. William Reed of Buena Park and paternal grandparents are Mr. and Mrs. B. A. Reed, also of that city. Mrs. Reed will be remembered as the former Mildred Curtis.

Olin Smith of Harding street reported as being seriously ill in the Anaheim hospital.

Mrs. Al Nicolsen of Alameda spent the Memorial holidays in Cypress visiting her grandfather, Hugh La Rue, and friends. Mrs. Nicolsen will be remembered as the former Myrna LaRue, resident of Cypress until her marriage.

Thomas Roy was the name chosen by Mr. and Mrs. Leroy Disney of Vonnie Lane for the latest addition to their family who recently made his appearance in the Anaheim Community hospital weighing six pounds seven ounces. This is the second child for the Disneys' who also have a small daughter.

The S. V. "Jack" Fullerton family spent a restful holiday Sunday and Monday at South Fork Camp, on the Santa Ana River, in the mountains. They camped out and prepared their own meals. Hiking and relaxation in general was the order of the two days.

R. C. Cawthon was one of a group of six employes of the Standard Oil company, who spent a few days fishing in the high Sierras, this past week-end.

Mr. and Mrs. Glen Williams of Freeway Park and Milam Williams and son, Roger Williams, were part of a group who chartered a boat to go deep sea fishing last Sunday. Not many fish were caught.

Mrs. Sarah Miller had as her dinner guests on Saturday evening Mr. and Mrs. Walter Nabower, Mr. and Mrs. W. C. Miller, Mr. and Mrs. George Worthington, Mrs. R. M. Fuquay and Roy Pike.

Rev. and Mrs. Eric Jorden, Mrs. Percy Coffman, Mrs. Noxie Stearns and Mrs. Ada Booher attended the district assembly of the church of the Nazarene which was held the latter part of last week in Pasadena.

Mrs. Clara Black of Alhambra attended the meeting of the Senior Missionary society last week. The time was passed in quilting.

Mrs. Irene Santhoff will leave soon, in company with her son and family, Mr. and Mrs. Charles Santhoff on a trip to the east. Mrs. Santhoff plans to visit friends and relatives in her former home at Joplin, Missouri.

Newest addition to the G. E. Demack "menagerie" are a pair of small monkeys from the Philippines, named Salty and Sarah. Their love for pets is evidenced by their two dogs, two cockateels, two parakeets, pigeons and canaries with guinea pigs next on the list to be acquired.

Mr. and Mrs. John Gilchrist left Wednesday on a two weeks trip to British Columbia and Lake Louise. Enroute they will stop in Coquille, Oregon to visit Mrs. Gilchrist's brother and family.

Steve Luther, who recently purchased a 60 acre ranch on Moody street, between Orange avenue and Ball road, reports that three lugs of potatoes were stolen from his field over the week end. He placed the value of the stolen goods at $12.

Mr. and Mrs. W. J. McCoid and Jim McCoid left Wednesday for Liberal, Kansas where they will make an indefinite stay with their parents, Mr. and Mrs. Alec McCoid. The elder McCoid is in very poor health due to his advanced age.

Birthdays For Pair Double Surprise At Party Here

The birthday anniversaries of A. E. (Pat) Arnold and Mrs. Rosser Williams of Buena Park was observed on Wednesday when a party was held in their honor at the home of the latter's uncle and aunt, Mr. and Mrs. Elmer McWilliams. The affair came as a surprise to both celebrants as Arnold believed the party was for Mrs. Williams and she thought it was in celebration of his birthday anniversary.

The guests joined in presenting Arnold with a beautiful leather traveling kit while Mrs. Williams was the recipient of individual gifts.

Arrangements of spring flowers made the rooms festive for the occasion. Music and conversation occupied the time until refreshment time arrived. Two birthday cakes were brought forth with that of Mrs. Williams being decorated in yellow and Arnold's in blue.

Attending the double surprise were Mr. and Mrs. Dan Williams, Mr. and Mrs. Rosser Williams of Buena Park; Mr. and Mrs. Merrill Hunt and Bruce Hunt of Lockwood; Dr. and Mrs. M. H. Damron, Mr. and Mrs. Robert Fogg, Mr. and Mrs. Bob Hoyt and son, Arnold, Mr. and Mrs. Earl Essex, Mr. and Mrs. Charles Arnold and daughter, Charlee, Mr. and Mrs. Bill Robins and daughter, Leslee, Mr. and Mrs. McWilliams and Mr. and Mrs. Arnold, all of Cypress.

Mr. and Mrs. Al Lewis and daughter, Patty Dell, have moved into the Lucille Sperry residence at 5252 Bishop street from Buena Park. Lewis is advertising manager for the Buena Park News, a filial publication.

The Cypress Community club will meet on Tuesday, June 8, at the home of Mrs. Murton Jones on Walker street. Hostesses will be Mrs. Arthur Collins, Mrs. Lily Carpenter and Mrs. Jones.

Mr. and Mrs. James Bryant and daughter, Patty are now permanent residents of Cypress, having moved here last week-end from Lynwood. Bryant is the owner of Cypress Airpark, and his presence in town will better enable him to be active in civic affairs. He has been instrumental in the past to get the name of the town of Cypress "on the map" in various ways, which is valuable to a growing community.

POST NUPTIAL SHOWER GIVEN MRS. DON BERNHART

When Mrs. Gene Kelly and Mrs. Dick Rietkirk entertained recently in the Kelly home on Crescent St. it was in the form of a post-nuptial shower for Mrs. Don Bernhart, the former Mildred DeWitt, whose wedding to Don Bernhart took place several months ago.

An evening of games had been planned by the hostesses with high score awards going to Mrs. George Konig and Mrs. Ralph Hill. Consolation awards were received by Mrs. Charles DeWitt and Miss Francine Kent.

A dessert course was served following the opening of the gifts. Guests, in addition to those mentioned, included Mesdames Charles Lennerville, Dorrance DeWitt, Harold Brown, Ronnie Bostelman, Elton Denny and Ted Webel.

Mr. and Mrs. Bill Robins and two children, Gary and Leslee June, spent, last week-end at Yosemite. They camped out, and enjoyed hiking in the mountains.

STANTON

Mr. and Mrs. Conna Pollock had as their dinner guests last week, Mr. and Mrs. Charles Grow, formerly of Stanton.

Mr. and Mrs. A. F. Parra and daughters, Janet and Judy, and Ann Karraker, enjoyed a motor trip along the Angeles Crest highway on Sunday. They had a picnic luncheon in Soledad canyon and visited the hideout of the notorious bandit of early California history, Taburcio Basquez.

Stanton stood in third place last week in building permit valuations among the unincorporated areas in the county. A sum of $46,158 in permits have been issued which includes seven new residences to be built by the Union Development Company on Brady and Thornton avenues.

Mrs. K. A. McCoy has returned home from a trip to Hawaii where she spent a month visiting her son-in-law and daughter, Mr. and Mrs. Richard Rosenthal, and the new grandson, Kenneth who was born during her stay there. The trip was made by air and Mrs. McCoy reports it was a grand experience. When leaving the Los. Angeles airport, announcement was made that a rough trip was expected and all but six of the reservations for that trip were cancelled. Mrs. McCoy chose to make the trip and after leaving San Francisco, it was "smooth sailing."

Mr. and Mrs. Will Thompson spent last week in Santa Maria visiting the latter's brother and family. Recently their house nearly caught fire when two men who were canvassing the neighborhood, for a coffee concern, must have carelessly dropped a lighted match on the door mat catching it afire. Discovery was made before any damage was done except to destroy the door mat.

Mr. and Mrs. Earl Lukens, accompanied by the latter's sister, Mrs. Edith Preston of Los Angeles, left a week ago on an extended trip, the ultimate destination of which will be their former home in Indiana. Enroute they plan to take in various scenic spots as well as after they reach their destination. They will be away for three months.

Mr. and Mrs. John Gautschy have returned home from a visit with friends in San Jose.

ORANGE CRATE DERBY JUNE 5

Cub Scouts of Northern Orange County Council will vie for racing honors at the Annual Orange Crate Derby to be held June 5th on Raymond Street in Fullerton, it was announced today by local Scout Officials.

Races wll be divided into three types; gravity racing, a pushing race in which the Cub's father will supply the motive power, and a completion of pushing among the Den Chiefs.

To establish classes in gravity racing, preliminary heats will be conducted, and prizes for speediest cars over the measured course will be awarded in each of these divisions.

The cars participating represent the winners of earlier races in which one car from each Den of a Cub Pack raced for the honor of participating in the Council-wide events.

The grand sweepstakes were won last year by Donald Zimmerman of Buena Park Parent-Teacher's Association Pack 107. Second and third places went to Pack 106, sponsored by the Parent's Council of Fullerton. H. Dyer of Pack 176, Cypress, pushed his son to victory in the fathers' pushing race, while Lloyd Mitchell of Pack 117 steered his car to top honors with the aid of Dick Murray in the Den Chiefs' race.

The races which are open to registered Cub Scouts, only, will start at 1:00 P. M., Saturday,

The COPY BOY

Poets Corner

Because of the interest shown in the early poetry of Larry Markel, we include another, written when he was but a boy. Larry is nineteen now, a student at Pasadena junior college, and many of his poems are read over the air by "The Deacon."

HAPPINESS

H stands for the help you give,
to someone who's in need.
A stands for anytime,
their call for help you heed.
P stands for the pleasure,
you will find in giving aid.
Another
P for pleasant for the kind of day,
you will have made.
I stands for the influence,
you will have on people's ways.
N is for the needy whom you,
must help through darkest days.
E stands for the effort,
you must give to cheer the sad.
S is for the sun you'll bring,
to those who need it bad. This
S is for our Savior,
for your kindness He will bless.
When you put these all togther,
they will spell out HAPPINESS.

THIS 'N THAT

Another bubble has been burstticated by a bunch of statisticians.

Did you know that the chances of marriage are no better in leap years than in ordinary years. That is what the Metropolitan Life Insurance company has figured out. And it forecasts that the marriage rate in 1948 will decline from the high levels of the last two years.

Wider variations in the marriage rate have occurred in the last 15 years than in all preceding years since 1867, the earliest for which national marriage figures are available.

The lowest rate, 7.9 per 1000 of population, was recorded in the depression year of 1932, and the highest rate—more than double the low—was the 16.3 per 1000 in the postwar year of 1946.

More than 21,000,000 men and women in the United States have taken the marriage vow since Pearl Harbor. Nevertheless, there are still very large numbers of unmarried people in our country. There are currently about 8,000,000 single men and 6,000,000 single women at the marriageable ages.

California National Guardsmen will receive longevity pay for attending weekly training periods under the terms of a bill signed by President Truman. Previously, California National Guardsmen received longevity pay only for the 15 days spent in summer field training. Longevity pay amounts to a 5 per cent increase over base pay for each full three years of service in the National Guard or other components of the armed forces, including the active and inactive reserves. Guardsmen receive the equivalent of a full day's army or air force pay for each of 48 two-hour weekly training periods and for 15 days summer field training.

Mr. and Mrs. Thomas Baroldi and sons, Tony and Tommy, Jr. left on Sunday in their new Lincoln for Menomonie, Wisconsin, where they will spend the month of June visiting Mrs. Baroldi's parents, Mr. and Mrs. Martin Roth.
